Vicki - good catch, it is Yang 2012 not 2002. I didn't change this since you made other edits so, to keep version control straight, your version is current but needs that edit.

Thanks

John

Hi John and Kris, I made a few slight copyedits and I had one question:

Yang is cited as 2002 and 2012. I think the 2002 is a typo and it should be 2012 but I am asking to be sure.
